Case Studies:

I. Background of the child:

Franklin Sohlang is a 14 years old child, son of Shri. Domiwell Marngar. The child is having speech and hearing impairment. The child lives with his family at Marngor village-West Khasi Hills District.

Contact with CHILDLINE: On the 1st June, 2018 CHILDLINE Nongstoin received a call around 12:10am from the Officer In charge of Nongstoin Police Station West Khasi Hills District asking for One Night Shelter for Mr. Franklin Sohlang.

CHILDLINE Intervention: After verbally informing the CWC, CHILDLINE Nongstoin provided one Night Shelter for the Child. During an interaction it was found that it was very difficult to get any information from the said child because he had a multiple disabilities (Hearing and speech impairment). CHILDLINE team tried very hard with some skills and with the help of community Based Rehabilitation workers by using some tips and using local sign language. Furthermore, information was send to different localities to find out the address of the child and on the same night that is on 1st June 23018 the information was received that the child is from Marngor village. On the next morning the police went Marngor village for verification and it was found that the child belong to Marngor village. Therefore on the same day that is on 3rd June 2018 child was handed over to the police in the presence his parents at Nongstoin Police Station.

Follow up:

On 3rd June, 2018 the case was registered and closed at 5:32pm with (Sarmistha).

2. Background of the child:

Maybapdianghun Nongtnger is a 13 year's old, daughter of Shri. Makdingwel Waniang 38 years (separate) and smt Kmensuklang Nongtnger 35years residence of Tiehsaw Village, Nongstoin Block. She is the second child among the four siblings. The child is studying at Ferrando Secondary School Mawrusyiar. The family is in crisis as the single mother has to take care all the needs of her children while working as a daily labourer.

CHIDLLINE Intervention: CHILDLINE received the information through the phone call bearing Number 8258862844 at 4:00pm. As soon as CHILDLINE received the call, the team members went for fact finding and found that being a single mother she could barely provide even their basic needs. The family is really in need of support that will help the family situation especially the single mother to send her children to school in the coming years. During the intervention it was found that the child was suffering from ear pain because an insect went in to her ear. CHILDLINE took the child to Civil Hospital Nongstoin for check-up, but since there is no Specialised Doctor in the hospital, they refered the child to Tirot Sing Memorial Civil Hospital

Mairang. When they reached Tirot Sing Civil Hospital Mairang there was also no specialised Doctor as it was already dark. The Doctor that they met on that night asked them to come on the next day that is on 10th May 2018. On 10th May 2018 CHILDLINE team member along with the mother and the child went to Tirot Sing civil hospital Mairang for check-up and they met the Doctor and after the examination provided medicine and asked them to revisit after seven days for check- up. On 17th May 2018 CHILDLINE team member went with them to Tirot Sing civil hospital Mairang and after examining the patient it was found that the child was fit and fine.
